Close Case & Adoption Decree

6046	Unclear Edit Message	The edit message a user receives when attempting to create case work on a case that is undergoing the closure process has been updated for better clarity. It now reads, "Invalid Case selection. The selected Case is currently undergoing a closure process."
------	----------------------	---

Person Management

6086	Background Tab application error on insert.	The Background Check on Person Management has now been fixed. An error will not occur when a row is inserted.
------	---	---

Collect/Determine Eligibility

6101	Initial Det not being flagged as complete.	When a worker completes an Initial Determination the completed check box now populates correctly. The determination also becomes uneditable at this time. Furthermore, voiding a determination now copies over just the original Initial Determination values, leaving these values editable. No pending redetermination rows are brought over. Voided Eligibility records correctly display as Voided and the "Determination Voided" check-box is populated.
------	--	---

Legal Consult

6107	Can't open legal doc	The Petition Request for Determination of Status in Need of Protection or Services Non-Emergency will no longer result in a Fatal Application when the template is launched.
